

Race team prices: prices effective from 01.12.11

Kart preparation:

To strip clean, inspect, and check in jig, laser geometry (replace any consumable parts charged separately), and re- assemble to ready to race:

Price: £120.00 per kart.

Kart storage:

Storage of your kart at our premises. Each kart is stored in our heated premises. Your equipment is insured whilst in our premises and whilst in transit:

Price: £50.00 for 1 kart per calendar month.

Race management:

Trackside support where the following is provided: awning space, use of our race transporter, compressor, tools, generator, work tables. We supply one mechanic between 2 drivers with some driver coaching available depending on the work load during the race weekend. The karts preparation and set up will always take priority.

Price: £185.00 per driver per day.

Services listed above are subject to availability. Awning spaces can be reserved for the entire season by way of a non refundable deposit.

All prices are subject to VAT
